

SUMMARY GRID: COVID-19 RESTRICTIONS IN ENGLAND

STEP 1: PERMITTED TENNIS ACTIVITY FROM 29 MARCH

- This grid outlines a summary of what tennis activity will be permitted under the Government restrictions across England from 29 March. Where activity is listed as permitted, this may still be subject to additional restrictions and protocols – it is anticipated these will be in line with previous protocols but venues, coaches, players and officials should refer to the LTA's full COVID-19 Secure detailed guidance once updated documents are published (this may not be until w/c 22 March once full Government guidance is made available)
- Organised group activity is defined as being activity organised by a national governing body, club, registered instructor/coach, business or charity, where in all cases the organiser must conduct a risk assessment and take all reasonable steps to limit transmission of the coronavirus by reference to that risk assessment & all relevant COVID-19 Secure guidance. This covers formally organised group sessions and coaching – detailed guidance for delivering this activity will be provided in the full LTA COVID-19 Secure guidance documents.
- This guidance is for recreational tennis – elite tennis is subject to separate strict protocols and can continue in line with these indoors and outdoors. Further detail for future Steps will be added to this grid once it is confirmed. Please refer to the main LTA coronavirus information page for all the latest coronavirus updates at www.lta.org.uk/coronavirus

NEXT STEPS: COVID-19 RESTRICTIONS IN ENGLAND

GOVERNMENT ROADMAP OVERVIEW

- The Government's roadmap is based on four steps. To assist tennis venues, coaches and officials in preparations, we have summarised below the key relevant aspects of the easing of restrictions for each step, outlining what is known to date.
- Before taking each step, the Government will review the latest data on the impact of the previous step against four tests around vaccination deployment and impact, infection rates and NHS hospitalisations, and status of any new variants of the disease. They will then announce one week in advance whether restrictions will be eased as planned.
- The summary grid above and the roadmap overview below will be updated to detail how tennis activity will progress through the four steps of the roadmap as and when we receive confirmation of further detail from Government and Sport England.

STEP 1: 8 March and 29 March
